DISTRICT ROAD FUND.

NOTIFICATION No. 249.

Dated the 9th July 1883.

THE following annual accounts and abstracts of the reports of the Road Cess Committees of the districts of Dacca, Furreedpore, Backergunge, and Mymensingh, for the cess year 1881-82, together with the remarks thereon of the Commissioner of the Dacca Division, are published for general information.

G. F. E. S. NEILL, *Major*, M.S.C.,

Under-Secretary to the Govt. of Bengal,

P. W. Dept.

Abstract of a Report by the Chairman of the District Road Cess Committee, Dacca, on the Committee's operations for the cess year 1881-82.

The Cess Act has been worked without difficulty. The members of the District and Branch Committees have taken interest in and done their work well, with the exception of those who did not attend a single meeting.

All the original works proposed for the year under review were undertaken and completed, with the exception of the road from Singpara to Sreenuggur, and that from Mirpore towards Balliarpoor. Ordinary annual repairs were carried out on all the existing roads, and they are reported to be in fair order.

Village works, both in the shape of original works and repairs, were executed by the District Committee and the Branch Committees of Manickgunge and Moonshegunge out of the allotment for village roads, which was supplemented in certain cases by private donations.

Great efforts were made in planting out fresh lengths of road with young fruit-trees and in nursing and protecting those previously planted. During the year under report 1,500 trees were planted and about 5,000 others tended.

The different establishments under the Road Committee have worked well and given satisfaction in the discharge of their respective duties.

Vice-Chairman.

Abstract of a Report by the Chairman of the District Road Cess Committee, Furreedpore, on the Committee's operations for the cess year 1881-82.

THE road cess was levied at the maximum rate in this district during the year under report. The total revenue fell short of the amount estimated in the budget by more than Rs. 7,000, and there was a heavy unrealized balance of about Rs. 21,000 at the close of the year. An increase of about Rs. 4,160 in the demand has resulted, however, from the revaluations, the realization of which will take effect during the current cess year, and a further increase may probably be expected next year.

The majority of the members of the District Committee took a moderate interest in the general administration of the fund, and their attendance was generally satisfactory.

The attendance of the members of the Branch Committees of Goalundo and Madaripore was also fair.

Due attention was paid by the District and the Branch Committees to the construction and repairs of village roads. The total allotment for this purpose was Rs. 8,139, and the total expenditure amounted to Rs. 7,227, which is more than what had been spent on village roads in the two preceding years. Besides the above expenditure, Rs. 1,136 were advanced to villagers in the sudder sub-division for repair of six village roads in that sub-division.

No new trees were planted during the year, but those planted in previous years were protected and maintained.

Since the passing of the new Cess Act a proposal for opening steamer communication between Burrisal and Goalundo was for a long time under the contemplation of the Committees of the Furreedpore and Backergunge districts. But whilst they agreed in recognizing the importance of the proposal, they differed widely as to its details; and after a great deal of correspondence with various steamer companies it was found that the cost would be exorbitant and quite disproportionate to the Committee's means and to the advantage likely to be secured. The Backergunge Committee has, moreover, receded from the original plan, and decided to organize a service by way of Khoolna, and the proposal has accordingly been dropped by the Furreedpore Committee.

The different establishments under the Committee are reported to have done their work moderately well.

H. B. MOOKERJEE,

Vice-Chairman.

Abstract of a Report by the Chairman of the District Road Cess Committee, Backergunge, on the Committee's operations for the cess year 1881-82.

THE cess was levied at half rates during the year, and the net collections amounted to Rs. 1,06,483.

The sub-divisional officers have done good work in their respective sub-divisions as Chairmen of Branch Committees.

The following original works were completed during the year :—

Gourandi road.
Mirzakalu „
Tushkhali „

New metalling was also undertaken on portions of five roads, and two khals were opened for traffic in the district. All the roads have received surface and slope repairs, and been maintained, with one or two exceptions, in thoroughly good order.

A sum of Rs. 24,279 has been expended on village communications, and 635 fruit trees have been planted on the sides of district roads during the year.

Steamer communication between Burrisal and Goalundo has not yet been opened. The Committee tried their utmost to make settlement with one or the other of the navigation companies and private parties, but have not yet been able to come to a satisfactory arrangement.

The different establishments under the Committee have worked on the whole satisfactorily.

Abstract of a Report by the Chairman of the District Road Cess Committee, Mymensingh, on the Committee's operations for the cess year 1881-82.

THE road cess has been in actual operation in this district since October 1875, and the working of which is popular and much appreciated by the people in general. The cess on lands has been levied at the maximum rates ever since the Road Cess Act has been introduced into the district, and the collections for the year under this head amounted to Rs. 1,57,120.

All the members of the District and Branch Road Cess Committees, with the exception of those who did not attend a single meeting, appear to have taken interest in the performance of their work.

Certain important original works have been completed during the year, and all the existing roads properly maintained to facilitate traffic in the district.

A sum of Rs. 35,305 was expended during the year on the construction and maintenance of village communications in the Sudder, Attea, Kishoregunge, and Jamalpore sub-divisions. The amount spent for planting indigenous fruit-bearing trees on both sides of district roads was Rs. 1,694, which is nearly six times as much as was expended in the previous year.

The percentage cost of all the establishments under the Road Committee is Rs. 21.64, which is in excess of that of the previous year by Rs. 6.30, this excess being attributable to the appointment of the Divisional Superintendent of Road Cess Works.

The different establishments employed under the Committee have worked well, and given satisfaction in the discharge of their respective duties.

W. H. M. GUN,

For Chairman, Road Cess Committee.

No. 333R, dated Dacca, the 26th February 1883.

From—N. S. ALEXANDER, Esq., Officiating Commissioner of the Dacca Division,
To—The Secretary to the Government of Bengal, Public Works Department.

UNDER the provisions of section 179 of the Cess Act (IX of 1880, B.C.), and in conformity with the instructions contained in your office circular No. 973A, dated 14th September 1880, I have the honour to submit herewith the annual accounts and reports of the road cess funds for the several districts of this division, except Furreedpore, for the cess year 1881-82, accompanied by some brief remarks of mine. The accounts and the report for Furreedpore have not yet been received, in spite of repeated reminders from this office.

Collections.—In Backergunge and Mymensingh the actual collections exceeded the estimate, while in Dacca they fell short of it; the amount was, however, sufficient to meet the outlay for the year.

Original works.—The progress made in Dacca in the construction of original works has been satisfactory. In Backergunge it compares favourably with that in the previous year, but the Committee have not succeeded in carrying out the programme of the year.

In Mymensingh the amount (Rs. 52,904) expended under this head was very small in comparison with the outlay (Rs. 99,715) in the previous year, but it was not far off the amount estimated for in the budget.

Repairs.—With a few exceptions the existing district works were repaired and kept in good order during the year. The reasons for not carrying out repairs on certain roads have been given in the district reports. The expenditure under this head was the largest in Mymensingh, where the amount spent on this account exceeded the outlay on original works. It would seem, therefore, that the Committee has this year paid more attention to the repairs of the existing roads than to the construction of new works.

Village communications.—The construction of, and repairs to, village communications made satisfactory progress in all the sub-divisions, except the sudder sub-division of Dacca, where very little was done under this head. The Chairman's particular attention was drawn last year to this important matter, but to no effect. I have again drawn his attention to it, and trust the matter will receive due attention in future.

The large expenditure under the head of village communications, and fact of voluntary contributions having been made by the inhabitants of certain villages, are convincing proofs that this class of works, as done by Committees, is popular, and appreciated by many.

General.—In the opinion of the Chairman the expenditure during the year on the opening out of water channels in the Backergunge district was unduly small, considering the great necessity for such works in his district; but it appears to me that considerable attention was paid to this matter by the Committee, for a sum of Rs. 11,000 has been spent under this head.

It seems to me highly desirable, now that work on the Dacca and Mymensingh State Railway has been commenced, that feeder roads should be constructed, where necessary, for the purpose of opening out the traffic of the country through which the line is to pass. A proposition has been made by me that the rules made by the Government of India, prohibiting

the borrowing by committees of money for other than remunerative works, should in this instance be relaxed, and that the Mymensingh and Dacca Committees be permitted to borrow certain sums for the purpose of *at once* carrying out the work of constructing feeder roads. This subject is still under the consideration of Government.

The income derived from the road cess in the districts of the division does not suffice for the cost of carrying out, within a reasonable time, certain works which are of the greatest importance, such as—

Dacca.

Dasorah to Meerpore road.

Dacca to Toke road (grading the road through the forest).

Ketrasingh to Silumpore road, &c., &c., &c.

Furreedpore.

Metalling, repairing, and bridging the Pangsha road.

Metalling the Rajbari road.

Madaripore road, &c., &c., &c.

Backergunge.

Dhamura cut.

Mymensingh.

Tanguil to Nagarpore road.

The Government have since offered to contribute a portion of the cost of such works, and estimates and plans have been submitted to Government for orders.

Planting of trees.—The amount expended on the planting of trees on the sides of the roads were sufficient for the purpose. In Backergunge the disbursement on this account was certainly small, but I concur with the Chairman, Road Cess Committee, in the opinion that the planting of trees need not be carried out on an extensive scale in his district. In Eastern Bengal, generally, the planting of trees along roads is productive of more mischief than good. No really good fruit trees can be grown, and the result is merely to keep roads perpetually damp, and to ensure a good jungle on both sides.

Steamer.—The steamer communication proposed to be opened between Furreedpore and Backergunge has had to be abandoned for the present, for reasons stated in my No. 201R, dated 15th ultimo, and annexures, to your address.

Abstract of particulars regarding meetings.—The number of meetings held by the Perozepore and Patuakhally Branch Committees in Backergunge, and by the Jamalpore Branch Committee in Mymensingh, fall short of the number required by law. No explanation has been furnished as to this by the first two committees, while that given by the Chairman of Jamalpore is hardly sufficient. The attention of the Chairman of these committees has been drawn to the illegality of holding less than four meetings at least in a year.

Dacca.
District Committee,
Manickgunge Branch Committee.
Backergunge.
All the Branch Committees.
Mymensingh.
District Committee,
Attea and Kishoregunge Branch Committees.

The percentage of the average attendance of members of the District and Branch Committees noted on the margin is very small, and shows a great want of zeal on the part of the majority of the members. I have asked the Chairmen concerned to request the members to be more regular in their attendance in future.

No. 529R, dated Dacca, the 16th May 1883.

From—N. S. ALEXANDER, Esq., Officiating Commissioner of the Dacca Division,
To—The Secretary to the Government of Bengal, Public Works Department.

IN continuation of this office No. 333R, dated 26th February last, and with reference to your office No. 1274R C, dated 11th ultimo, I have the honour to submit herewith the annual accounts and report of the Road Cess Fund for the district of Furreedpore, for the cess year 1881-82, with a few remarks on the same.

2. The progress made during the year has not been very satisfactory. A sum of Rs. 37,873-6-0 only has been spent on works, as compared with Rs. 63,508-10-4 in the previous year.

3. Due attention appears to have been paid by the committees to the construction of village roads, as well as to the excavation of tanks. But the expenditure on the repair of village roads falls considerably short of the allotments made in the budget. I have requested the Chairman to see that proper attention is paid to the maintenance of the existing roads, which should not be allowed to deteriorate.

4. The percentage (70·3) of average attendance of members of the Madaripore Branch Committee is satisfactory, and indicates that the members take considerable interest in the work entrusted to them. The low percentage of attendance at the Sudder and the Goalundo sub-divisions (34·64 and 43·75 respectively) is unsatisfactory. The members appear to have been remiss in their attention to the work.

5. No trees were planted on the sides of the roads during the year. It appears, however, from the report that the Committee directed their attention to the protection of those already planted in previous years. I approve of the policy adopted by the Committee. In my opinion the planting of trees on roadsides is of little use in Eastern Bengal generally: it rather tends to cause damage to the roads and to accumulate jungle.

6. The unusual delay in the submission of the accounts and report for the Furreedpore district is due to their non-receipt from the Chairman of the Road Cess Committee until the 25th ultimo. I have called upon the Chairman to submit an explanation of the very great delay that has been allowed to occur in their submission.

3. The tolls leviable, under Act V (B.C.) of 1864, on boats or steamers plying in the Sone Canals are shewn in a notice published in the *Calcutta Gazette* for the 18th January 1882, Part I, page 59. They are in amount as follows :—

4. The purchase of the steamers now employed on the canals must form an integral part of any tender. The descriptions of the steamers referred to in paragraph 2 of this notice are believed to be correct, but persons proposing to tender should examine the boats for themselves, as no errors of description will be admitted as a reason for cancelling a tender.

5. Reduced rates of tolls may, for a period not exceeding one year, be stipulated for; but in that case the fixed intervals at which the steamers will run must be mentioned in the tender, and the maintenance of an effective service will be required as a condition of the concession.

6. The Government will, so long as a service is regularly carried on, cease from carrying passengers by boat or steamer, or goods not required for Government works.

7. No exclusive concession can be granted, the canals being open to all boats, whatever the motive power, on payment of the tolls prescribed by law.

8. It is proposed to make over the service, should a tender be accepted, from the 1st of October next, but a later date may be named.

9. All tenders must be addressed to the Secretary to the Government of Bengal in the Public Works Department, and must be accompanied by a receipt from the officer in charge of the Third Calcutta Division, or from some Executive Engineer for Rs. 500 earnest-money, to be forfeited if the person tendering fails to carry out the offer made.
